TAFT AGAIN BEGINS CROSS COUNTRY SWING

Journey Through Yosemite Ends and President Now Is On Way Through California to Arizona

HIS ONE SUIT THE CAUSE OF COMPLICATION

President Set Such a Pace in Last Stage That Companions Begged for Mercy

EL PORTAL, Oct. 9.—After having traveled nearly one hundred miles by his stage and on foot, in and around Yosemite Valley, President Taft returned here tonight, and will resume his journey to the Southwest tomorrow morning. He will stop during the day at Merced, Fresno and Bakersfield and reach Los Angeles early Monday morning. The President was winding wet with perspiration when he reached the foot trail today and had to go to bed in the Sentinel hotel while his clothing was hung out in the sun to dry. Even the President's outer garments were wet and he had only the one gray Norfolk jacket suit with him in the park, and he had no alternative but to follow in the footsteps of the fabled man who owned but one shirt.

The President's last day in Yosemite Park was probably his most enjoyable one. He began it by looking at sunrise over the eastern granite walls of the valley, his vantage point being the veranda of the Little Glacier Point hotel, set right at the very edge of a 3,000 foot drop into the floor of the valley. Having seen the sun properly up and at its duty Taft retired to bed and slept until 8 o'clock.

Today the President set such a pace down the four miles of the short trail which brought him from Glacier Point to Yosemite, that he had to leave his congressional escort, Representatives McKinley and Needham, call in for help. John Muir, the naturalist explained every view, every tree and flower on the way down and swelt time and again upon the glacier theory of the formation of the valley. The President was told that the "short trail" down which he was passing was first "blazed" by an old settler who lived in the hills. His wife would not let him have any whiskey in the house so he had to walk down into the valley to get a drink. The presidential party, during the stay in the Yosemite have been: Governor Gillett, Senator Flint, Representatives Englebright, McKinley and Needham, Major Forsythe, army custodian of the park John Muir and Capt. A. W. Butt.

SEES MRS. GUNNESS? EL PASO, Tex., Oct. 8.—A special from Dalhart, Texas, says a former citizen of Laporte, Indiana, recognized Mrs. Belle Gunness on board a train bound from Fort Worth to Denver. He says the woman recognized him and hid in the dressing room.

THE WEATHER Fair, Sunday and Monday.

EL PASO, Oct. 9.—W. R. Humphries, erstwhile photographer, propagator, theatrical press agent, business manager, etc., etc., is now in Paris—not Paris, Texas, but the real, original, fair Paris.

Mrs. W. R. Humphries is in San Francisco and a letter was received here today from her. This letter had been addressed to a friend in Denver, and was forwarded here. It stated that Humphries left San Francisco, presumably to go to Denver, but had not been heard from in some time. Simultaneously with the receipt of this letter, came one to Frank Rich, manager of the Crawford & Rich interests here, and Humphries' last El Paso employer, dated Paris, France and asking if one W. R. Humphries had formerly worked for him in El Paso. The letter is from a son of L. M. Crawford, partner of Mr. Rich. Young Crawford has a skating rink in the French capital and social center. He states in his letter that Humphries is there and has applied to him for a position. Crawford asks Mr. Rich about Humphries' ability.

DENVER, Oct. 9.—A drop in the temperature accompanied by snow ported from Colorado points today. In Denver a light snow fell. Trinidad and Canon City also report snow. No serious damage has been done, and from the fruit section around Grand Junction come reports that no concern has arisen because of the fruit crop.

WRIGHT BROKE SPEED RECORD YESTERDAY

Wilbur Wright Predicts That 70 Miles an Hour in a Biplane Racing Machine of His Design

SAILS OFF RAILS WITHOUT ANY AID

Remarkable Performance of the Wizard of the Air Startles Army Officers

COLLEGE PARK Md., Oct. 9.—After breaking the world's record in a flight over a closed circuit of a kilometer today, Wilbur Wright predicted that he could maintain a speed of from sixty to seventy miles an hour in an aeroplane race. He had just torn through the air in the government aeroplane at a rate of approximately forty-six miles an hour, making a record of 58.35 seconds for the distance of 599 meters and return including the turn. To reach a higher rate of speed Wright said he would have to reduce the size of the biplanes in the government machine and at the same time lighten their weight. For racing purposes he said he would be content with the "plane" in this aeroplane. Following the successful flights of the forenoon Wright made two ascensions late in the afternoon. In one of the afternoon flights Lieut. Lahm accompanied Wright. On the other Wright alone repeated his performance of the afternoon by starting off the rail without the aid of weights. Lieut. Lahm for the first time, assisted in guiding the machine during the flight in which he ascended, a third lever having been installed for the benefit of Pearce who is being taught to navigate the machine.

TAFT ORDERS A NEW STATION OPENED

EL PORTAL, Oct. 9.—One result of the president's trip to the west has been the immediate improvement of the immigration conditions at San Francisco. By the President's direction Secretary Nagel, at Washington, today, ordered that the new immigration station on Angel Island in San Francisco Bay be opened at once. The opening of this station has been delayed for a long time for want of an appropriation to put it in condition.

RENO, Oct. 9.—Ballinger, Secretary of the Interior, arrived from Truckee today and with Thomas Means, engineer in charge of the reclamation work in Nevada and Superintendent Creel of the Pyramid Indian agency, left for the Government dam at Tahoe. They will go to Fallon tomorrow to inspect the reclamation work there.

ABERDEEN, S. D., Oct. 9.—A telephone message from Pever says that robbers blew open a safe there today, secured \$70,000 and fled on a hand car. A posse is in pursuit.

NANTES, France, Oct. 9.—At the villa of Daniel Ridgway Knight, an American painter Rolleboise Armande Pison, a seventeen-year-old girl renowned for her beauty and who served Knight as a model killed herself with her employer's gun.

After being publicly jilted by her sweetheart she took the painter's shotgun and blew off her head. She recently posed for a picture valued at \$5000.

TULSA Okla., Oct. 9.—Fifteen negroes boarded a train at Wybark today and attempted to take Arthur Manny, a negro charged with horse stealing, away from Sheriff Hooper, with the intention of lynching him.

Hooper held the crowd at bay with his revolver until the train started and then, with the assistance of the conductor, forced the entire mob to jump from the moving train.

Wybark has no white citizens. Manny was taken to Muskogee and landed in jail.

Lord Northcliffe and Lady Northcliffe. Who are Visiting San Francisco

San Francisco, Oct. 9.—Lord Northcliffe, Lady Northcliffe and party were given a hearty reception by the Press club of this city last week. It was their first visit to California and one long to be remembered.

Lord Northcliffe has the distinction of owning and publishing more newspapers than any man in the world. His versatility in that realm is indicated by the fact that he publishes both the London Mail, considered by Britishers to be decidedly "yellow", and the London Times, the most ultra-conservative newspaper printed in the English language.

GOING AFTER TAMMANY BRAVES IN GOTHAM

Hearst and Barnard Say Their Election is of Secondary Importance to Ousting the Grafting Bunch

NEW YORK, Oct. 9.—With William Randolph Hearst's name as an additional asset to the Republican Fusion ticket, New York's municipal campaign shaped itself definitely today as a fight to oust Tammany hall from the control of city finances.

Both Hearst and Otto T. Barnard, the Republican nominee, say that their election is a matter of secondary importance so long as the rest of the Fusion ticket wins out, for this will mean that Tammany's defeat in the board of estimate, which controls the purse strings of Greater New York, and is a medium through which economy or extravagance can be exercised, regardless of the mayor.

The Hearst followers, now known as the Civic Alliance, having accepted his conditions, arrangements are being made to obtain the signatures requisite to make the nomination legal.

There will be a mass meeting at Carnegie Hall Monday night to put Hearst in nomination. The platform to be presented for the adoption of Hearst will be the attempt to declare the attitude with respect to the entire matter of city government. His friends all predict that he will be ready to make another whirlwind campaign, such as that of 1905.

Barnard and the Republican leaders expressed nothing but satisfaction at Hearst's entering the field. All talk of Barnard's withdrawal, allowing Hearst to head the ticket to victory, is denounced as preposterous.

Justice Gaynor is outspoken in expression of displeasure at Hearst's entry to the campaign.

WRESTLER SAYS GAME IS CROOKED

SEATTLE, Oct. 9.—Joe Carroll, alias Ole Marsh, the wrestler indicted in Nebraska and Iowa for alleged acts of the mails to defraud, in connection with the Maybrake gang of wrestling and foot race promoters was released on \$5,000 bail today. He takes his arrest with perfect unconcern, declaring that the charge against him can be proven.

NEW EPOCH FOR CALIFORNIA GROWERS

ROSEVILLE, Cal., Oct. 9.—Ten refrigerated cars loaded with grapes were cooled in two hours and were then started to New York and Philadelphia with a delay of less than three hours. As a result of successful preliminary tests today, in the new pre-cooling plant, it will no longer be necessary to pick California fruit and vegetables green for shipment to the east. The establishment of this big plant marks a new epoch in the fruit industry of California.

THOUSANDS WITNESS NIGHT BALL GAME

LOS ANGELES, Oct. 9.—Four thousand people saw the first night ball game ever played in the west to-night at Chute's Park, the game being between the Los Angeles and the San Francisco teams of the coast league. The grounds were illuminated by hundreds of arc lights. The players used indoor ball with the underhand throw. The score was 19 to 11, in favor of Los Angeles. Some weird plays and plenty of action featured the game, as batters generally hit the first balls pitched.

NEW CASTLE, ENG., Oct. 9.—This city, where David Lloyd George, Chancellor of the exchequer, will deliver two important budget speeches tomorrow, was invaded by suffragettes tonight.

The Chancellor was escorted from the station by a strong force of police. The suffragettes attempted this evening to hold a meeting in the drill hall but the students together with a noisy element armed with bells, whistles and trumpets, raised such a din that the speakers could not be heard. The meeting finally was broken up when fireworks were thrown upon the stage.

The suffragettes then went to the liberal club and threw stones through the windows. Four of the women were arrested.

BRYAN DECLARES TAFT A GREAT LEADER

SPOKANE, Oct. 9.—Mr. Bryan addressed a throng estimated at 30,000 persons today, speaking from the platform occupied by President Taft eleven days ago.

As a tribute to the president, Mr. Bryan said: "It is hard enough to be defeated by a great man; it would be humiliating to be defeated by one not great. It is hard enough to be defeated by one highly esteemed. It would be unbearable to be defeated by one who had not the universal respect of the people."

MARTIN KILLED BY FALL FROM A LOFT

(Special to Review.) NACO, Oct. 9.—The body of Joseph Martin, formerly of Bisbee, was found beside the barn in the corner of the line riders, a short distance west of here, early this morning.

It is supposed that Martin was asleep in the loft and rolled out upon the ground. Martin's skull was fractured, which probably caused instant death.

The remains were sent to the Palace Undertaking parlors in Bisbee. Telegrams have been sent to the chief of police of Albany, New York, in an endeavor to locate some of his relatives. Martin was formerly a miner and worked in Bisbee at the Holbrook shaft. W. S. Stewart is looking after the remains there.

SLENDER WOMAN UPSETS MAYOR'S TALK

NEW YORK, Oct. 9.—A slender woman upset the smooth flow of campaign argument at the big republican fusionist meeting at Cooper Union tonight.

Removing her hat, and rising in the center of the hall, she demanded of Otto T. Barnard, who was making the opening speech as candidate for mayor, whether he favored votes for women. The woman was Miss Maude Malone, president of the Harlem woman's suffrage union. She was forced to call a second time: "What about votes for women?" before Barnard replied. He said he had answered the question and that it would appear in an interview in a Sunday paper. Other than this he declined to commit himself. But Miss Malone was insistent and there were repeated calls of "put her out." Amid growing confusion Barnard finished his address leaving the suffragette's question unanswered.

CHINESE COME TO PLACE A BIG ORDER

SAN FRANCISCO, Oct. 9.—One of the most important commissions China has ever sent to the United States so far as the open door policy is concerned, will arrive October 28 on the steamer Sideria, according to Captain Charles E. Etti, artillery instructor to the Imperial Chinese army who, with Wang Chen, of the Chinese foreign office, arrived today on the Korea. The new Chinese minister, whose name has not yet been given out, probably will be a passenger on the same steamer. Mr. Wang left tonight for Washington on business the nature of which Captain Etti refused to divulge.

The commission with which Captain Etti is connected will be headed by Baron Liang, son of Liang Cheng, former minister to the United States. With him will be Chang Chi Dex and a large suite.

The business of the commission will be to visit all ship yards and armament factories of the United States with a view to purchasing modern equipment for the Chinese army and to contract for four cruisers and as many gunboats as a nucleus for the new Chinese navy. The commission originally intended for England but powerful influences were exerted to have the United States, as China's nearest neighbor, visited first. On the outcome of the tour of inspection will depend the placing of contracts for \$20,000,000 or more for battleships and war munition.

EL PASO, Oct. 9.—After refusing to be present at the meeting of the two presidents, Taft and Diaz, here next week on the ground that Taft had not included the state capital in his itinerary Governor T. M. Campbell telegraphed the committee tonight that he would be present arriving the day before the meeting. So much feeling has been aroused because of the governor's refusal to take the part assigned him by the State Departments of two republics. Arrangements have already been made tonight to receive him with the honors due his position.

Capt. Robert Falcon Scott, Leader of New Antarctic Expedition

LONDON, Oct. 9.—Following close upon the success of Lieutenant Shackleton in the antarctic and Dr. Cook and Commander Peary in the arctic,

a new claimant for polar honors appears in the field.

Captain R. F. Scott, R. N., has already begun to organize a new expedition to the antarctic, with the object of reaching the south pole. The expedition is to start next July, and will have two bases, one in McMurdo sound and the other in King Edward VII island. Captain Scott intends to use Manchurian ponies, like those of Lieutenant Shackleton, and dogs of either Oystak, Samoyed or Esquimaux breed. He will also rely considerably on motor sledges, and a new feature of the expedition will be an installation of wireless telegraphy. The sum required is \$9,000 pounds, and Captain Scott hopes that the colonies, especially those in Australia, will contribute and also be represented among the members of the party. Captain Scott, it will be remembered, commanded the national antarctic expedition of 1901-4, which he described in his famous book, "The Voyage of the Discovery."

STATEHOOD PLEA OF GOVERNOR SLOAN

WASHINGTON, D. C., Oct. 9.—The reports of the governors of Arizona and New Mexico have been received by the Secretary of the Interior and have been sent to the printer. Nothing will be made public until the secretary returns from the west. From what can be learned, Governor Sloan makes a strong plea for statehood.

VOYAGE HALF OVER

ALBANY, N. Y., Oct. 8.—The Half Moon and Clermont were welcomed at the turning point of the voyages of the historical originals this morning with a salute of 100 guns when they dropped anchor off Riverside Park.

Governor Hughes, Mayor Snyder, Assistant Secretary of War, Oliver and General Leonard Wood extended the official welcome and later reviewed a monster parade.

SNOW IN PANHANDLE

EL PASO, Tex., Oct. 8.—Snow is reported throughout the Panhandle of Texas with four inches at Dalhart. This is the earliest on record.

BUTTE, Oct. 9.—Three trainmen, all living at Livingston, Mont., were killed in a wreck on the Red Lodge branch of the Northern Pacific railroad last night, when an extra freight "side-swiped" a regular bridge train. The engines and fifteen coal cars were piled in a tangled mass.

EL PASO, Oct. 9.—After refusing to be present at the meeting of the two presidents, Taft and Diaz, here next week on the ground that Taft had not included the state capital in his itinerary Governor T. M. Campbell telegraphed the committee tonight that he would be present arriving the day before the meeting. So much feeling has been aroused because of the governor's refusal to take the part assigned him by the State Departments of two republics. Arrangements have already been made tonight to receive him with the honors due his position.

DETROIT WINS SECOND GAME OF SERIES

Tigers Put Over Clean Cut Victory by Score of Seven to Two Over the Pirates Yesterday

COBB ELECTRIFIED CROWD BY STEALING HOME

World's Championship Series Now Stands 1 to 1, With 4 Games Needed to Win He Can Attain Speed of

PITTSBURGH, Oct. 9.—The American league champions from Detroit evened the count in the world's championship series by defeating Pittsburgh 7 to 2, at Forbes Field today. At least five contests will now be necessary before the series will be decided. Detroit's ability to hit the National league pitchers, and Pittsburgh's inability to connect with the curves of "Wild Bill" Donovan told the story of the game.

Pittsburgh scored two runs in the first inning. Detroit tied the score with two in the second. The American league batters knocked Camnitz out of the box in the third inning when they took a commanding lead by scoring three runs. Vic Willis succeeded Camnitz and two more runs from his offerings in the fifth inning gave Detroit its total of seven runs.

Detroit made nine safe hits, getting six from Camnitz in two and one-third innings and three from Willis during the remainder of the game. The Detroit swatteam included two-baggers, O. Schmidt and Crawford.

Donovan allowed only five hits and two of those were two-baggers by Leach and Miller in the first inning. After that the Detroit pitcher was an enigma, and another two-bagger by Leach in the third, a single by Abstein in the fourth and an infield hit by Wagner in the ninth represented the Pittsburgh hitting during the last eight innings.

Only sixteen batters faced Donovan in the last five innings. During the last four innings only twelve men faced Willis. The most sensational feature of the game, which was witnessed by more than 30,000 spectators, was a steal of home by Ty Cobb in the third inning. This was remarkably well-timed, and the entire Pittsburgh team and crowd were caught off their guard. It was on the first ball pitched by Willis after he succeeded Camnitz, that the daring play was made. As soon as Willis started to wind up, Cobb started for the plate, and by a daring slide he reached the base in time to beat Willis before the throw. Gibson was so surprised that he dropped the ball after Cobb slid in. This scored the third run in the third inning.

Leach was again the star of the day with two 2-baggers in his first two times at bat. In the field he played a star game. Cobb made his first hit of the series with a single over second base in the seventh inning. Wagner made a hit in the ninth and still leads Cobb in the batting duel between the two leading hitters of the major leagues. Wagner has made two hits in seven times at bat for an average of .286 and Cobb has made but one six times for an average of .167.

Score by innings: R H E
Pittsburgh: 2 0 0 0 0 0 0 2 5 1
Detroit: 0 2 3 0 2 0 0 6 7 9 3
Batteries: Donovan and Schmidt; Camnitz, Willis and Gibson. Umpires, Evans and Klein.

RENO, Oct. 9.—Rooms have been procured here to be used by the Interstate Commerce Commissioners on October 25. In that date the commission will conclude the hearing of the application of Reno merchants for terminal freight rates.

NEW YORK, Oct. 9.—Samuel Gompers, president of the American Federation of Labor, who has been in Europe studying continental labor conditions and problems returned to the United States late tonight on the French liner La Savole. An elaborate reception has been planned for Gompers at Washington upon his arrival there next week.

NEW YORK, October 9.—William R. Hearst announced at midnight that he would accept the nomination for mayor as tendered at an independent mass meeting.
